

Provider Card - Hepatitis B

doh.wa.gov/hepbhub

- Give this card to your medical provider.
- Talk to your doctor about getting tested and vaccinated for hepatitis B.

Hepatitis B is a serious disease that can lead to liver damage, liver cancer, and even death. The first step to health is knowing your hepatitis B status.

DOH 420-436 October 2022

Dear medical provider,

I want to be screened for hepatitis B. If the tests show that I am at risk for hepatitis B infection, I would like to begin the vaccination series.

I am asking because I understand that screening for hepatitis B is recommended by the CDC for people born in areas where hepatitis B is more common or whose parents were born in those areas, such as Africa, Asia, Eastern Europe, and the Pacific Islands.

Carte ya dokotolo - Hepatite B

doh.wa.gov/hepbhub

- Pesa carte oyo na dokotolo nayo.
- Solola na dokotolo nayo po atesite yo pe apesa yo mangwele ya hepatite B.

Hepatite B ezali bokono ya mabe penza oyo eko kobenda kokoso na foie, cancer ya foie, ata pe liwa. Likambo ya liboso osala ezali oyeba statut nayo ya hepatite B.
