https://us02web.zoom.us/webinar/register/WN_EYtia3dkT7-5OKn6k_eKA

Date: August 8, 2023

Time: 12:00-2:00

AGENDA DETAILS

1. INTRODUCTIONS AND WORKGROUP INSTRUCTIONS

2. A SPECIAL GUEST

DR. CHRIS CARSON

Co-founder and Chief Strategy Officer at Connections Health Solutions

a. An overview of the Arizona Models

b. Questions for Dr. Carson

3. Discussion of Draft Rule Language/Issues/Consensus

- a. (b) Limit patient stays to a maximum of 23 hours and 59 minutes except for patients waiting on a designated crisis responder evaluation or making an imminent transition to another setting as part of an established aftercare plan;**
- b. (j) Maintain relationships with entities capable of providing for reasonably anticipated ongoing service needs of clients, unless the licensee itself provides sufficient services;**
- c. (k) When appropriate, coordinate connection to ongoing care.**

- d. (a) Provide services to address mental health and substance use crisis issues;
- e. (g) Be staffed 24 hours a day, seven days a week, with a multidisciplinary team capable of meeting the needs of individuals experiencing all levels of crisis in the community, which includes access to a prescriber, the ability to dispense medications appropriate for 23-hour crisis relief center clients;
- f. (h) Maintain capacity to deliver minor wound care for nonlife-threatening wounds, and provide care for most minor physical or basic health needs that can be addressed without need for medical diagnosis or health care prescriber orders, with an identified pathway to transfer the person to more medically appropriate services if needed;
- g. (i) Screen all individuals for:
 - i. (i) Suicide risk and engage in comprehensive suicide risk assessment and planning when clinically indicated;
 - ii. (ii) Violence risk and engage in comprehensive violence risk assessment and planning when clinically indicated; and
 - iii. (iii) Physical health needs.

4. Q and A
